Experience

Security Intern
CyberSRC® Consultancy
07/2023 - 10/2023

I finished a three-month internship at Cybersrc Consulting LLP, a cyber security firm in Noida, India. I worked on a range of tasks, such as creating the company's security strategy, doing security evaluations, and creating training materials for security awareness. I also gained a lot of knowledge about the many kinds of security assessments that may be carried out. Overall, my internship at Cybersrc Consulting LLP was a valuable experience. I learned a lot about cybersecurity and gained hands-on experience working on real-world projects.

Certifications

- 2021-07 Python for Absolute Beginners
- 2022-01 Android Game Development for Beginners -Learn Core
- 2022-08 The Web Developer Bootcamp 2022
- 2022-08 The Complete Python Programming Course

Projects

- **Flight-Price-Prediction (08/2023 - 10/2023)**

Developed a **Flight Price Prediction** App using ML is a revolutionary mobile application designed to assist travelers in making informed decisions about flight bookings. With the dynamic nature of airfares, predicting flight prices accurately has become increasingly challenging for travelers.
